

Construction and Real estate / Property Management

The Max Fusion, Inc. / Siemens Industry teaming agreement helps our customers in the industrial, infrastructure and construction sectors succeed by providing complete electrical, engineering and automation solutions. Through a commitment to innovative engineering that goes back more than 150 years, Siemens and now Max Fusion, Inc. also serve the world's largest and most respected companies through integrated solutions, software, hardware and services while offering support in regards to small business utilization initiatives.

We take pride in supporting prime contractors, as well as subcontractors and distributors on federal, local government and commercial projects.

Our current contracts include ongoing agreements to support the building and maintenance of army bases, camps and many federal and commercial facilities. Our offerings, of building and operation materials can range from medical supplies (including **prescription medicine and surgery supplies**) to supplying ALL requirements of a operating base kitchen. Something you won't see from most any other small business!
